## STANDING RULE 20 REVISION

### CURRENT RULE

Each horse is allotted two and one half (2½) minutes to work during a run. The working time starts when the rider crosses the official timeline.

As soon as the horse, owner and rider's name are called to the herd by the announcer (the "Rider Announcement"), the announcer will start the 1-2½ Minute Clock to let the rider know how much time the rider has to cross the official timeline and begin the rider's run. If the rider has helped the contestant immediately preceding the rider's run 2024 NCHA Rule Book • 49 or has drawn back-to-back in the working order, the rider will have 2½ minutes from the Rider Announcement to cross the official timeline and start their run. If the rider has not helped the contestant immediately preceding the rider's run or has not drawn back-to-back in the working order, the rider will have 1 minute from the time of the Rider Announcement to cross the official timeline and start their run. This is referred to as the 1-2½ Minute Clock.

If the rider fails to cross the official timeline in the time allotted under the 1-2½ Minute Clock, a buzzer will sound, and one additional minute will be added to the 1- 2½ Minute Clock.

This buzzer is the only warning that the rider will receive relating to the 1- 2½ Minute Clock. If the rider receives any additional buzzers relating to the 1- 2½ Minute Clock at any time during that show, it will result in a \$500 fine per occurrence (i.e.- second buzzer is a \$500 fine, 50 • 2024 NCHA Rule Book third buzzer is an additional \$500 fine, etc.) All fines assessed under this rule must be paid prior to the rider's exhibiting a horse in any future NCHA-produced event.

All NCHA produced events will use the 1-2½ Minute Clock as described above. It will be optional for all other NCHA sanctioned events to use the 1-2½ Minute Clock as described above.

## REVISED RULE

Each horse is allotted two and one half minutes (2<sup>1/2</sup>) to work during a run. The working time starts when the rider crosses the official timeline.

The rider will have 1-2<sup>1/2</sup> minutes from the sound of the buzzer from the previous run to cross the timeline. If the rider has helped the contestant immediately preceding the rider's run 2024 NCHA Rule Book • 49 or has drawn back-to-back in the working order, the rider will have 2<sup>1/2</sup> minutes from the sound of the previous run's buzzer to cross the official timeline and start their run; this will be referred to as the "continuous clock". If the rider has not helped the contestant **immediately** preceding the rider's run or has not drawn back-to-back in the working order, the rider will have 1 minute from the time of the previous run's buzzer to cross the official timeline and start their run. This is referred to as the 1-2<sup>1/2</sup> Minute Clock. If the rider preceding you loses a cow or gets whistled out by the judge, that rider's time will continue to zero. However, if the rider is prepared and the previous rider, along with their help, has left the working area, the rider can begin their run. It will be the responsibility of the announcer to keep up with riders, and their help, to start the clock as they normally do.

If the rider fails to cross the official timeline in the time allotted under the 1-2<sup>1/2</sup> Minute Clock, a buzzer will sound, and one additional minute will be added to the 1- 2<sup>1/2</sup> Minute Clock.

This buzzer is the only warning that the rider will receive relating to the 1- 2<sup>1/2</sup> Minute Clock. If the rider receives any additional buzzers relating to the 1- 2<sup>1/2</sup> Minute Clock at any time during that show, it will result in a \$500 fine per occurrence (i.e.- second buzzer is a \$500 fine, 50 • 2024 NCHA Rule Book third buzzer is an additional \$500 fine, etc.) All fines assessed under this rule must be paid prior to the rider's exhibiting a horse in any future NCHA-produced event. Any fines imposed at non NCHA produced events will be collected and paid to show management.

All NCHA monitored events will use the 1-2<sup>1/2</sup> Minute Clock as described above. It will be required for all other NCHA sanctioned events to use the 1-2<sup>1/2</sup> Minute Clock as described above.
