ADDITIONAL INFORMATION

- Online fillable show applications and show results are now available.
- If classes are combined (50,000 Amateur, Unlimited Amateur, Non Pro, Select Non Pro), we must have the judge's sheets marked by each horse which class. If you need an example or guidance please contact the Show Department.
- The Show Department is receiving too many show results with incorrect information. The majority of all users either have the Fastercut or Equinal Program which lets you know if there is a problem with an entry. We know that you have no control over new ownership, new horse and new memberships, however there have been several instances where a rider showed in NP/AM class and did not have the correct status (if you are using one of the above programs there would have been error message). This will allow show results to be uploaded and available to the membership more quickly.

Please remember any changes to already approved shows must be made on the edit sheets and emailed to the office.
