Substitution Form for AQHA Stallion Report

Stallion owner or stallion owners AUTHORIZED representative hereby states truthfully that the stallion _____ (stallions name) AQHA registration # _____ bred or has bred _____ (number of mares bred in year of nomination payment) in the year _____. Stallion owner or stallion owner AUTHORIZED representative further confirms that number of mares bred _____ (insert 2nd time # of mares bred in nomination year) is the same number of mares bred reported to AQHA on AQHA Stallion Report.

**If any of the above information is not reported to NCHA truthfully, or for any reason is not equal to the number reported, such stallion shall be removed from nominations, and forfeit any payment made to NCHA, for the calendar year reported or stallion owner upon advice of committee & EC, may be assessed all penalties due under late payment structure & correction of false information.

Stallion Owner or Authorized Stallion Owner Representative

Printed Name

This document is for the purposes of internal NCHA data and further, for the comparison purposes of determining how many foals are currently being nominated by foal owners as related and compared to the total number of foals being bred less 20%. The less 20% accounts for rebreeds, aborted foals, foals going to other disciplines, etc.

Stallion owners may have up to 1 year to amend stallion report substitution form to account for changes, updates, or amendments made to AQHA Stallion Report if a stallion changes ownership or owner buys deceased horse semen, nominator will have to request previous year AQHA Stallion Report. If such does not exist, a letter stating such to NCHA is required.
